For more than twenty-nine years our main objective has been to eliminate contamination by using innovative environmental technology applications, which are environmentally safe and cost effective.

## CORE COMPETENCE

*A team of high qualified professionals to provide innovative, creative and cost-effective solutions to environmental engineering problems with the highest professional and ethical standards. Main services provided are the following:*

*Environmental Site Assessments Phase I, II and III  
Site Characterization and Investigation  
Soil and Groundwater Remediation Services  
In-Situ Remediation Technologies  
Pilot Tests Operation and Monitoring  
Risk Assessments and RBCA (Risk-Based Corrective Action) Clean ups  
Tank Services (Closures and Installations)  
Hazardous and Non-hazardous/Solid Waste  
Mold Assessments & Remediation  
Asbestos & Lead Assessments and Remediation  
Free-Phase Product Recovery System  
Environmental Forensics  
Indoor Air & Surface Quality Testing and Remediation*

## KEYWORDS

**Remedial Investigations; Feasibility Studies;  
ESA Phase I, Phase II and Phase III; Environmental  
Assessment; Mold Assessment and Remediation;  
Asbestos and Lead Assessment**

## COMPANY INFORMATION

Duns Number: 837246131

CAGE Code: 1RTC9

NAICS: 562910, 541620, 541380

Availability: Puerto Rico; US; USVI; Caribbean;  
Latin America

Certifications: Service Disabled Veteran Owned Business  
(SDVOSB) Small and Disadvantage Business (SDB)

## KEY PROJECTS

**Wyndham Destinations** - Indoor Air Quality Assessment, Sanitation, Disinfection and Elimination of Mold Growth and Post Remediation Microbial Sampling and Testing at several guest rooms, including mold-impacted furniture at Margaritaville Resort by Wyndham, St. Thomas, VI.

**Virgin Islands Water and Power Authority** - Site Assessment and Spill Mitigation Actions (Free-Phase Product Recovery) performed at Randolph E. Harley Facility, Virgin Islands Water & Power Authority, St. Thomas, VI.

**Fredericksted Health Care, Inc. (FHC)**- IAQ, Mold Assessment and Remediation, Asbestos and Lead Assessment in several FHC Clinics in St. Croix, VI.

**Sugar Bay Resort & Spa, St. Thomas, VI** - In-Situ Bio-Remediation of soil and groundwater impacted with petroleum hydrocarbons. Mold Remediation, Cleaning, Sanitizing in all rooms, ballrooms, offices and laundry facilities.

**Virgin Islands Housing Authority** - IAQ, Mold Assessment and Remediation, Asbestos and Lead Assessments and Remediation in several VIHA properties.

**Capitol Environmental Services, Inc.** - In-Situ Chemical Oxidation with "Perozone" (Ozone and Hydrogen Peroxide) to soil and groundwater impacted with petroleum hydrocarbons, Margaritaville Resort by Wyndham, St. Thomas, VI.

**Prisa Group/DBR Development, Inc.** - In-Situ Chemical Oxidation with "Perozone" (Ozone and Hydrogen peroxide) to soil and groundwater impacted with petroleum hydrocarbons, Dorado Beach Resort, Dorado, PR.

**CDM Smith** - Design and Engineering Services for the United States Environmental Protection Agency. Remedial Investigation/Feasibility Studies at several Superfund Sites in Puerto Rico.

**Weston Solutions, Inc. and US Environmental Protection Agency** - Implementation and execution of Remediation Activities of the Maunabo and Cidra Groundwater Contamination Superfund Sites in Puerto Rico.

## COMPANY ASSETS

**29 years of experience in Environmental Engineering  
Professional Engineering (PE) License in Puerto Rico,  
State of Georgia and the USVI  
Licensed to do Business in Puerto Rico and USVI**
